Hello – I understand something isn't working correctly with access to the document. The link below should work, and ensure that anyone making edits is working in the same file. If it opens with a yellow bar across the top about editing being restricted (or something to that effect), that's just because I have editing protection set to require Track Changes. If you click the "Enable Editing" button in that yellow bar, you will be able to edit.

As a backup, I'm also including the document as a separate attachment (not on SharePoint). Please let me know if you encounter any further access issues.

Subject: Deliberative - Action Requested on Assumption - Review of Response to Comments

Deliberative

All,

The link below is to the comprehensive draft Response to Comments for Florida assumption. The three sections that you have already reviewed (H. Funding/staffing; I. Streamlining; N. ESA policy) are flagged as such with a bubble comment on the header. Please note that the ESA policy and overall ESA sections (N & O) are being combined to streamline. It's a work in progress that we're targeting wrapping up today, as those are two of the larger sections. Once I have a revision with these changes I will forward it to you too.

Please review and provide your **comments to me by COB tomorrow (Thursday, December 9)**. We are targeting transmittal of this document to Dave, David, Susan and Mary not later than Friday.

For any editing, we request your comments be on the SharePoint document linked below. If you have any issues accessing the document, please contact me or Rosemarie Callie.

Please let me know if you have any questions.

Thanks
jeanneane
